*In recognition of Outstanding Academic Achievement
for a 4.0 Fall Semester, 2014*

Director, Undergraduate University Division

S

MICHIGAN STATE
UNIVERSITY

December 23, 2014

Mr. Travis Michael Leffel
1601 Autumncrest Dr
Crystal Lake IL 60014

Dear Mr. Leffel,

I was extremely pleased to learn that you earned a perfect 4.0 grade point average in the fall semester of 2014. In doing so, you are among only 273 of a total of 4,706 engineering students enrolled in the past semester that share this accomplishment. You are a tremendous source of pride to the College.

On behalf of all the faculty and staff of the College of Engineering, let me convey my heartiest congratulations on this exceptional achievement. Your accomplishments are notable, and I encourage you to further direct your abilities and talents toward pursuing coursework, research, service and other co-curricular venues that will even further develop you both personally and for the benefit of others.

Again, Congratulations!

Sincerely,

A handwritten signature in black ink, appearing to read "Leo Kempel".
